

Our Mission

On behalf of the Ministry of Science of the State of North Rhine-Westphalia, we support stakeholders in research, industry and medical treatment in developing pioneering medical procedures.

Our goal is to translate innovations into medical treatment that is targeted to the patient's needs and takes social aspects into account.

In order to tap into the multiple competencies available in North Rhine-Westphalia, we have defined trends that help identify and handle key medical issues in the State for the betterment of medical treatment.

Networking

North Rhine-Westphalia's innovative medicine just one click away: Our contact database contains valuable information on fields of activity, existing partnerships and the network structures of registered institutions. Use the opportunity to present yourself beyond the State's borders as a key player in North Rhine-Westphalia's medical and medical technology sector by registering on our database!

Go to www.cimed-nrw.de/kontaktdatenbank to search for science & research institutions, healthcare, service and industrial companies, as well as self-help groups, and to find qualified network and cooperation partners.

Partnering

We promote transdisciplinary innovation partnerships, particularly in the innovative medical fields of personalized medicine, life-oriented treatment, digitalization, biologization and human-technology interaction.

Through our active networking, we support the formation of project consortia and assist in the search for qualified cooperation partners.

We use expert workshops to bring stakeholders in individual areas of expertise together to find ways to overcome existing innovation barriers.

Information

We host information events on current funding opportunities provided by the State of North Rhine-Westphalia, Germany and the EU.

Go to our website www.innovative-medizin-nrw.de to find the latest news and events in the field of innovative medicine in North Rhine-Westphalia.

Counselling

We support young enterprises and research alliances in getting funding.

We facilitate contacts with stakeholders in the financing sector (venture capital, crowdfunding and business angels).

We provide support with regard to regulatory issues such as refunding and approval..

Location Marketing

We promote North Rhine-Westphalia as a location for innovative medicine with its outstanding medical research, its excellent healthcare infrastructure and its highly innovative and broadly diversified business landscape.

We represent North Rhine-Westphalia through our communication channels (website, newsletter, publications) and take part in regional and national congresses and fairs. We organize trade fair booths shared by companies and organizations from North Rhine-Westphalia to make them visible to an international audience.
